PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.
